

Annexure-I: Presentation by
Mr. Muhammad Roshan

Background

- Heavy snow fall
- Death And Destruction
- Damage to infrastructure
- Starvation

Response by SYF

- Information **dissemination**
- CRS Food Packs
- Oxfam-GB Food and Non-food Items
- Kalam Relief Project

Present Challenge

- Snow Covered Mountains
- Heaviest in last 40 years
- Reservoir of river swat
- Villages situated on the bank of river Swat

Rapid Assessment

- Action plan for preparedness
- Oxfam-GB and SYF partnership

Objectives

- To identify the vulnerable villages situated on the banks of river Swat.
- To get the required data of population, households, agricultural fields and other infrastructure.
- To identify activist/CBOs in the vulnerable villages.

Methodology

- Selection of area
- Data format designed
- Teams of volunteers
- Visits, observations
- Meetings with local activists, local elders and local body representative
- Government line agencies

Key Findings

- Classification of villages
- Most Vulnerable Villages
- More Vulnerable Villages
- Less Vulnerable Villages
- Displacement
- Poverty

Most Vulnerable Villages

S.No	Village name	Union Council	Population	Total HH	Endangered HH
1	Upper Durushkhala	Durushkhala	6450	740	70
2	Char Bagh/Nawaykelay	Char Bagh	29003	3287	50
3	Ingerodari	Inger Dari	49610	8470	110
4	Naway Kelay/Police Line	Shadara	9680	2420	70
5	Nul	Bedara	363	60	12
6	Ningoli	Barbandai	8514	874	100
7	Imamdherai	Barbandai	2146	243	120
8	Lower Asala	Kotani	1900	239	30
9	Chalyar	Kotani	6207	692	150
10	Malak Abad/Fiza Gat	Nawaykelay	1500	157	30
12	Damana	Terat	1452	145	30
13	Tangay/Odigram	Odigram	360	40	16
		Total	116825	17367	788

More Vulnerable Villages

S.No	Village name	Union Council	Population	Total HH	Endangered HH
1	Langardheri	Bedara	605	36	6
2	Bedara	Bedara	11214	1325	12
3	Ghoraja	Barbandai	1815	242	20
4	Dedawar	Shamozai	3339	544	0
5	Punjigram	Teendodag	3107	285	0
6	Lower Durushkhala	Durushkhala	14347	1605	20
7	Tigdarai	Khwezia Khela	7328	763	2
		Total	41755	4800	60

Less Vulnerable Villages

S.No	Village name	Union Council	Population	Total HH	Endangered HH
1	Asharay	Asharay	11412	1276	3
2	Guli Bagh	Guli Bagh	5267	623	0
3	Dakorak	Guli Bagh	12100	2430	0
4	Sangota	Sangota	7326	817	
5	Takh Ta Band	Qamber	4840	978	0
6	Balogram	Odigram	8542	919	0
7	Odigram	Odigram	15121	1683	0
8	Kanju	Kanju	20083	2101	0
9	Wali Abad	Guli Bagh	1452	90	3
10	Alam Gunj	Guli Bagh	6000	681	0
11	Gash Kor	Khwazia Khela	1675	177	0
12	Khwazakhela	Khwazia Khela	15618	1923	5
13	Kotanai	Katani	6474	869	0

14	Farhat Abad	Farhat Abad	2480	297	0
15	Shin	Shin	1815	4084	6
16	Bodigram	Bedara	3630	484	5
17	Damghar	Kanju	4575	508	0
18	Upper Asala	Kotani	0	0	0
19	Dadaharah	Koza Aba Khel	4301	509	0
20	Pardai	BariKot	7008	765	0
21	Gumtoona	Shamozai	338	32	0
22	Tirang	Shamozai	2878	275	0
23	Maneyar	Galigay	7417	873	0
24	Barikot	BariKot	14648	1651	0
25	NawayKelay(Kota)	Kota Mosa Khel	7326	817	0
26	Aboha	Kota	4235	302	0
27	Dharai		7155	801	0
28	Ghalegai		13636	1587	0
29	Guratai		5001	513	0
		Total	202353	28065	19

Displacement

S.No	Village name	Union Council	Population	Total-HH	Displacement
1	Tangay/Odigram	Odigram	360	40	16
2	Nul	Bedara	363	60	9
2	Imamdherai	Barbandai	2146	243	30
3	Lower Asala	Kotani	1900	239	7
4	Malak Abad/Fiza Gat	Nawaykelay	1500	157	3
		Total	6269	739	65

Endangered Land

- Endangered agricultural Fields=4,800 acres
- Damaged agricultural Fields =1,200 acres

Endangered Infrastructure Facilities

Bridges	Location
Ayub Bridge	Connects Mata Sub Division and Ex Kabal Tehsil with Mingora City
Gamon Bridge	Connects Ex Shamoza Tehsil with Mingora City and rest of Swat
Canals	Location
Fatehpur head canal	Fatehpur
Barat Khela	Police Lane/ Nawaykelay

Water Flow Of River Swat

Usual flow During last Year	Current Flow	Difference
25,000 to 30,000 cusecs	50,000 to 60,000 cusecs	50%

Joint efforts of partners

- Awareness campaign
- Activists training
- Network of the vulnerable villages
- Rescue group, equipped with;
 1. Water boats
 2. Life jackets
 3. Tents
 4. Megaphone
 5. Torches
